

59mm

The diagram shows a rectangular plate with a central circle containing the number '1'. The plate is defined by a dashed line. A solid line is drawn 59mm from the top edge of the dashed line. A vertical solid line is drawn 85mm from the right edge of the dashed line. The distance from the top solid line to the bottom edge of the dashed line is 89mm. The distance from the left edge of the dashed line to the vertical solid line is 55mm. The entire drawing is set against an orange background.
