

104mm

The diagram shows a rectangular plate with a dashed line representing a cut. The plate is oriented vertically. A vertical solid line is drawn 104mm from the left edge. A horizontal solid line is drawn 100mm from the bottom edge. A dashed line follows the perimeter of the plate, with a 100mm gap on the right side, indicating a cut. The dimensions 104mm and 100mm are labeled with leader lines.
